KEEPING YOUR NEIGHBORHOOD CLEAN AND GREEN

COLLECTION SCHEDULE & GUIDELINES

Advanced Disposal is excited to announce that we'll now be collecting garbage and recycling both with 96-gallon carts! Our Automated Cart Collection program is designed to make it easier for you to handle your waste and recycling. The best part, you don't have to sort your recyclables – just toss them in and go! We just ask that you follow a few simple cart placement guidelines. Your help is appreciated in making it easier for carts to be collected:

- Garbage and recycling collection is every week.
- Carts should be placed curbside by 7:00 a.m. on your collection day.
- Your cart should be within 18 inches of the curb with the arrows on the lid pointing to the street/curb.
- To avoid damage to property, place the cart at least three feet away from mailboxes, lamp posts and other fixed objects.
- Place your cart on as level of a surface as possible, but away from low hanging tree branches.
- Place recycling carts at least three feet away from garbage carts.
- Close lids prior to pick-up. Lids should be closed on the carts in order stop material from spilling or blowing

Effective January 6, 2014

Your garbage and recycling pick up days will remain the same.

For e-waste and bulk waste collection, call for pricing and scheduling information.

SERVICE FIRST. SAFETY ALWAYS.

At Advanced Disposal, safety is our top priority, and our day-to-day operations reflect that. From safe operations of our equipment to proper training for our employees, we put service first and safety always. But safety is everyone's responsibility, so please visit the site below to teach your family how to be safe around garbage trucks.

Check out our Sam Safety Kids Video at youtube.com/AdvancedDisposal

Please note: Advanced Disposal operates right-side routing for safety. Thus, we pick up one side of the street at a time as opposed to having our trucks or employees crisscross the street.
