A late payment of 3% of the water charges and 10% of the sewer charges will be added to bills not paid by the due date. Delinquent accounts on November 15th of each year will be placed on the tax roll with a 10% service charge. Failure to receive bill is no excuse for non-payment.

**RESIDENTIAL SUMMER IRRIGATION ALLOWANCE:** Residential sewer charges for the four (4) monthly billing cycles commencing May 15 and ending September 14 shall be based on the average monthly metered water usage for the previous year's two (2) monthly billing cycles commencing September 15 and ending November 14. This allowance does not apply to customers utilizing deduct meters.

**RESIDENTIAL POOL-FILLING CREDIT:** During billing cycles for which the Summer Irrigation Allowance is not in effect, residential sewer service customers are eligible once per calendar year to receive a credit for metered water used to fill an outdoor swimming pool. Sewer users must complete and return to the Village Clerk/Treasurer a credit request form.
